

PHOTOGRAPHY RELEASE

There are times during the school year when students are photographed for a variety of reasons. We enjoy being able to showcase our students and their accomplishments, but we want to be sensitive to the needs of our families. We ask that ALL families sign this form and check the appropriate box below. If we do not receive a signed form from you **we will assume that we may use** photographs or videos of you and/or your children for school/church presentations, promotional advertisement, videos, brochures, newsletters, social media pages, web pages and other school/church related programs.

- I do not want my child(ren) or myself pictured in anything
- I will allow my child(ren) and I to be pictured in the areas as stated above
